What's Your Sign?

Aquarius

January 20– February 18

Aquarius is the sign of visionaries, unconventionality and intellectual independence. Aquarians are the people who deviate from the crowd and go their own way. They are always after intellectual stimulation, constantly discovering something new, forming new opinions and stubbornly traveling their way regardless of what other people think. Aquarians are interested in the opposite ends of the spectrum, they like to be alone yet are social butterflies, they like to experience both sides and see both opinions as

they formulate new ideas with their forward thinking, active mind. Aquarians never judge others because as human beings, we are all equal and entitled to our own opinions. They are verbally skilled and very witty, they observe people and learn how to interact with others through observation. They can be masters of manipulation justifying anything they do or think. As a result, they can deal with any type of personality and adapt to any

situation. They welcome change because boredom is their enemy. Anything new is an opportunity to an Aquarian. They can act as an expert on any topic, they are very good at inflating their own importance, they feel it is deserved because their eccentricity makes them unique. Conventional people beware, Aquarians like to shock and deviate from the norm, this is how they live. Deep inside, Aquarians would never intentionally hurt anyone, they have respect for every human, even though this might not seem apparent to the more emotional types.

Service At Its Best

FAA Las Vegas

Recently we received a customer compliment raving about the amazing work and service that Unique Cleaning Service, Inc. employees, Manuel Ramirez and Agustin Munoz provided. Please see below the message received from Robert Reinhardt, COTR for North Las Vegas ATCT:

“We would like you to know that we appreciate the effort that is being shown at North Las Vegas ATCT. On Monday, Manuel and Agustin did a great job on our floors, both carpeted and tiled. I know they worked all night on the floors and really made them look good. On Wednesday, I was asked by the Air Traffic supervisor if we could get the outside windows cleaned. I called Manuel and he said that the windows would be cleaned as scheduled that evening. About 30 minutes later Manuel and Agustin appeared and said they were here to clean those windows, which they did. Please understand, we were Ok with the cleaning being done later that day but these guys came in right away to get it done. This is the attitude that these guys have and this should be commended. These guys continue to make your company look good and when I get past performance request letters from other facilities for your company I give high ratings based on our level of service. “

Thank you Manuel and Agustin for taking ownership of your site and ensuring the satisfaction of our customers. You have set a great example and we appreciate your hard work and dedication.

Employee of the Month— Debbie Gay

Debbie Gay- Vidalia & Statesboro Recruiting

“ Debbie does an awesome job! She is dependable, reliable, responsible, and she takes ownership of her sites. She drives over 90 minutes round trip 3 times a week to ensure that our customers are satisfied. I have had the customer at the Marines office in Statesboro, GA request that Debbie service their office in Savannah because she does such a wonderful job. Debbie was also instrumental in bringing on a subcontractor for carpet cleaning for both

of her sites. She is always willing to help out with a task or going out of her way such as buying a new vacuum for a facility when she saw the need. “

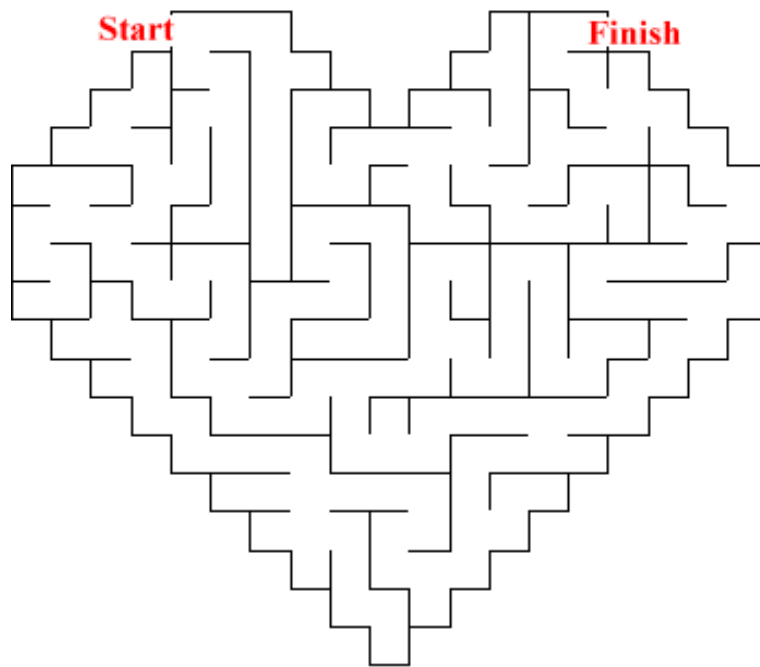

- Debra Mayberry, Quality Control Manager

Congratulations Debbie!

Thank you for going above and beyond. You are a leader in service.
